

Suggestions for Company Thank You & Email Messages

Communication is the key to a successful in-house campaign!

Ongoing communication during the week of your campaign will help to ensure your success! It is important to thank people as they turn in their pledge cards. This document provides wording for a Thank you note. There is also a follow up email, following the announcement of your campaign, to remind employees of the important details of the campaign including your corporate goal.

Another critical element of your in-house campaign is a daily reminder to people to turn in their pledge cards. There are four daily messages included in this document to educate people about the various services offered by the UW and to report your company's progress on the campaign. Finally, there is a wrap up message to announce the end of the campaign and to report your corporate results.

You may send these messages hard copy, post them in employee areas, or send them via email. Daily reporting will help to increase the giving within your company! This can even be accomplished via a public announcement each day.

You are welcome to use the attached wording, or to modify it to suit the needs of your company.

Remember, if you need anything else from us, please let us know. *Good Luck!*

Follow-up Email – Day 1 (after employee meetings)

Subject: Caring Hearts Build Hope

Have you ever been faced with tough choices?

- Have you ever had to choose between paying the rent or paying the heat bill?
- Have you had to choose between replacing your child's threadbare coat or his worn out shoes?
- Have you had to decide between buying food or medicine?

The agencies supported by the United Way help to ensure many people no longer have to make choices like these.

Thank you so much for your time and consideration of a gift to the United Way! Obviously, your decision to give is a personal choice. I hope you can see the value in the services provided by the United Way in your community and you will choose to support it with your time and financial support. Giving is easy with the payroll deduction program.

To recap from our meeting:

1. Our corporate giving goal is % participation and \$dollars. We can achieve this goal if everyone will give just \$1.00 per week.
2. You may designate your gift to go directly to a United Way partner agency or to the United Way of your home county.
3. Gifts made via the payroll deduction will be taken from each paycheck beginning January, 2007.
4. You may choose to make a cash contribution. Just complete your pledge card and remit a check to Name.
5. You may make a pledge now and ask to be billed at a later date
6. We would like to receive your pledge card by Date

Thank you again for your consideration.

The American Red Cross provides victims of local disasters the basic necessities. Habitat for Humanity is building homes for families who could not otherwise afford them.
